LEWIS-GOETZ DEVELOPS COMPLETE CATALOGUE OF CRITICAL HOSE ASSEMBLIES

Surveying solutions

CUSTOMER PROFILE

A nutritional products company that delivers innovative solutions that nourish, protect and improve performance in the food and beverage, feed, personal care, dietary supplements and pharmaceutical industries.

CHALLENGE

Plant maintenance requested a complete cataloguing of all of their critical hose assemblies. This included process steam, air, chemical, water and hydraulic hose.

SOLUTION

Lewis-Goetz provided the necessary manpower to perform a complete plant hose survey, which took 180 hours of time. A documented survey was developed which included all of the customer's critical hose assemblies in a catalogued spreadsheet.
